

# Sappi Limited Debt Update

March 2020

# Forward-looking statements and Regulation G

## ○ Forward-looking statements

*Certain statements in this release that are neither reported financial results nor other historical information, are forward-looking statements, including but not limited to statements that are predictions of or indicate future earnings, savings, synergies, events, trends, plans or objectives. The words “believe”, “anticipate”, “expect”, “intend”, “estimate”, “plan”, “assume”, “positioned”, “will”, “may”, “should”, “risk” and other similar expressions, which are predictions of or indicate future events and future trends and which do not relate to historical matters, identify forward-looking statements. In addition, this document includes forward-looking statements relating to our potential exposure to various types of market risks, such as interest rate risk, foreign exchange rate risk and commodity price risk. You should not rely on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are in some cases beyond our control and may cause our actual results, performance or achievements to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements (and from past results, performance or achievements). Certain factors that may cause such differences include but are not limited to:*

- *The highly cyclical nature of the pulp and paper industry (and the factors that contribute to such cyclicity, such as levels of demand, production capacity, production, input costs including raw material, energy and employee costs, and pricing)*
- *The impact on our business of adverse changes in global economic conditions*
- *Unanticipated production disruptions (including as a result of planned or unexpected power outages)*
- *Changes in environmental, tax and other laws and regulations*
- *Adverse changes in the markets for our products*
- *The emergence of new technologies and changes in consumer trends including increased preferences for digital media*
- *Consequences of our leverage, including as a result of adverse changes in credit markets that affect our ability to raise capital when needed*
- *Adverse changes in the political situation and economy in the countries in which we operate or the effect of governmental efforts to address present or future economic or social problems*
- *The impact of restructurings, investments, acquisitions, dispositions and other strategic initiatives (including related financing), any delays, unexpected costs or other problems experienced in connection with dispositions or with integrating acquisitions or implementing restructurings or other strategic initiatives, and achieving expected savings and synergies, or*
- *Currency fluctuations.*

*We undertake no obligation to publicly update or revise any of these forward-looking statements, whether to reflect new information or future events or circumstances or otherwise.*

## ○ Regulation G disclosure

*Certain non-GAAP financial information is contained in this presentation that management believe may be useful in comparing the company’s operating results from period to period. Reconciliation’s of certain of the non-GAAP measures to the corresponding GAAP measures can be found in the quarterly results booklet for the relevant period. These booklets are available on our website: <https://www.sappi.com/quarterly-reports>.*

# Group structure

Sappi entities taking up debt

\* Sappi Limited provides guarantees for long-term non-South African debt.

# Debt overview

1. Please refer to the Annual Integrated Report for a definition of special items.

2. Net finance costs per income statement (excluding non-recurring breakage fees).

Please refer to published results for full financial summary.

# Bank covenants

- Two bank covenants exist at the consolidated Sappi Limited level:
  - A debt covenant, and
  - An interest coverage covenant.
- In addition, two bank covenants exist at the Sappi Southern Africa level for its own bank facilities:
  - A debt covenant, and
  - A debt to equity covenant.
- At the end of March 2020 all covenants were met.
- In light of the current uncertainty regarding future trading conditions as a result of the Covid-19 pandemic, we received strong support from our banking group to suspend the covenant measurement for four quarters from June 2020 to March 2021. This suspension is subject to normal conditions for this kind of assistance, which only apply during the suspension period, and include no dividend payments, maximum capex spending limits, a minimum liquidity requirement and no M&A activity without prior bank approval.

Please refer to page 99 of the 2019 Annual Integrated Report for the detailed covenants.
